MISCELLANEOUS DEPARTMENTS

BANGALORE DISTRICT.

Notification No. C4. L. 1217—39-40, dated 15th September 1939.

Whereas it is reported that Rinderpest is prevailing in the undermentioned village and measures to check the spread of the infection are necessary, it is hereby notified under Act VI of 1899 and II of 1927 and rules (6) (b) and 12 of the rules framed thereunder—

1. that no person shall cause to move, sell, transfer or exchange any animal outside and into the limits of the village nor shall he take his animal or animals to a gomal or common grazing ground, the right of grazing in which belongs wholly or in part to other villages;
2. that no person shall bring any cattle from such infected area to a cattle market or a fair.

Any action done in contravention of this order will render the offender liable on conviction to a fine which may extend to Rs. 50 and a further fine of Rs. 5 for every day after the first during which the breach extends.

This will be in force for one month with effect from the date of this notification.

F. THUMBOO CHETTY,
For *Deputy Commissioner.*

OFFICE OF THE CHIEF INSPECTOR OF MINES AND EXPLOSIVES IN MYSORE.

Notification No. 552, *dated Oorgaum,* 18*th September* 1939.

Instances have come to the notice of this Department where licensees manufacturing explosives, instead of doing so in the places indicated on their licenses do clandestinely manufacture them in their own dwelling houses or sale premises within closed doors during night time. As such places are generally situated on public roads in congested localities and since such a practice is liable to endanger public safety, persons in the know are requested to guard themselves against eventualities by promptly reporting the names of such licensees to the local Police authorities. This notice is published for general information in view of the approaching Deepavali Festival when the licensees are likely to transgress the conditions of their licenses owing to the demand for firework articles during the season.

Government in their Notification No. D. 2814—Geol. 66-28-25, dated 9th September 1930, have prohibited, within the Mysore State, the manufacture, possession and importation of any explosive consisting of or containing sulphur or sulphuret in admixture with chlorate of potassium or any other chlorate.

Many accidents, caused during the illicit manufacture and handling of a variety of fireworks commonly known as "Pattas" or "Belluli Pattas"—throwdowns or small bombs—consisting of a mixture of potassium chlorate (ಪೊಟಾಸ್ ಉಪ್ಪು) and Arsenic or Antimony Sulphide (ಮೆಣಸಿರೆ ಹರಿದಳ) or Sulphur (ಗಂಧಕ) have come to the notice of this department resulting in serious and sometimes fatal injuries to the persons manufacturing or handling the mixture, besides doing damage to property.

The mixture constitutes a highly dangerous explosive which is sensitive to friction, force (blows) and even liable to ignite spontaneously.

As this firework composition is mostly used during Deepavali and Shaban festivals, timely warning is hereby given to all persons concerned not to manufacture, possess or sell this dangerous explosive.

Any person manufacturing, possessing or importing such a mixture will be punished according to Law.

K. DURAISWAMIER,
Chief Inspector of Mines and Explosives in Mysore.
